

Annual Nottingham Paediatric Research Showcase Conference 2018

Save the date

Thurs 21st June 2018

University of Nottingham Medical
School, QMC Nottingham

Following on from the phenomenal success of NPRS17 we are extremely excited about the programme being developed for next year's conference. We have a range of internationally recognised keynote speakers, original oral paper and poster abstracts, awards for best papers and a great venue to meet, relax, connect and collaborate to boost the care we deliver to babies, children and their families.

Abstract submission: 5/3/18 and closes 27/4/18

The event will be free again but limited by registration numbers – booking will open in February 2018

More details in the New Year on the conference website
